

# FLOWER CHILD™

## Skin Stick

Soothing shea butter pairs with rosehip, sunflower oil, and argan oil in a moisturizing stick you can take with you to use anywhere, anytime.

HL2013

Shea butter has been a known miracle healer for all that ails skin, for thousands of years. From irritation and ailments like eczema and psoriasis, to soothing dry or tired skin, shea butter can help soothe it all.

Beeswax has antibacterial and anti-inflammatory properties. It works as both a humectant, drawing moisture to the surface of the skin, as well as an occlusive, creating a protective barrier on skin to prevent moisture loss. It's a great moisturizer for softening skin, so it feels youthful and hydrated.

Skin conditioning rosehip is a humectant, attracting moisture to skin, as well as an exfoliant and antioxidant. It contains vitamin C to help brighten skin, plus vitamins A and E and hydrating fatty acids.

Sunflower seed oil is used for its non-comedogenic and smoothing properties. It can help reduce inflammation, redness, and irritation. It contains a significant amount of vitamin E and antioxidants which can reduce the signs of aging.

Smooth this lightly floral scented Skin Stick over dry or impaired skin as often as needed for added moisture and protection.
